

# STOP

# RACIAL

# PROFILING!

**There are always racist police controls here!**

**Police controls based on skin color are racial profiling and prohibited by law!**

**Don't look away when you see racist police controls and say out loud what you think. If you are alone and feel paralysed, talk to other people. Take videos and photos, send them to us with date, time and place.**

**Copy and distribute these flyers. Get creative! Make banners and signs and hang them out of your window.**

**We don't want racist controls, we don't want racial profiling and we don't want a permanent police presence in our neighbourhood! Wrangelkiez united!**
